Children's Television Commercial Limits Report - Second Quarter 2011

Re: CHILDREN'S TELEVISION COMMERCIAL LIMITS REPORT

Dear General Manager: July 1, 2011

Attached is the CBS Television Network Certification of Compliance with the Children's Television Commercial Limits for the Second Quarter of 2011. Please give the certificate to the individual at your station responsible for the public file.

As you know, the Children's Television Act of 1990 requires every television station to place in its public file, no later than the tenth day after each quarter, documents certifying that all children's programming broadcast by the station during the quarter did not exceed the commercial limits imposed by the Act.

The attached document, which is suitable for placement in your public file, certifies that regularly scheduled children's programs distributed by the CBS Television Network were formatted to comply with the commercial limits, if they were broadcast by affiliates according to the sequence and schedule recommended by the Network in the order wire for the programs. You should augment this network certificate with additional documentation certifying that your station broadcast the core programs according to the sequence and schedule recommended by the Network, or, if you did not do so, that all the programs, as broadcast, nevertheless did not exceed commercial limits.

With regard to non-regularly scheduled children's programs, if any, the attached document certifies that such programs distributed by the CBS Television Network were formatted to comply with the commercial limits. You should augment this network certificate with additional documentation certifying that in broadcasting these non-regularly scheduled network programs, your station did not exceed the station break time formatted for local affiliate commercials.

In addition to your responsibilities with respect to network programming, you must place in your public file certification of commercial compliance for any other children's programs subject to the commercial limits (i.e., programs designed and broadcast primarily for an audience of children aged 12 and under) broadcast by your station within the quarter. You may wish to speak with your broadcast counsel about such reports.

Information pertaining to network programming to assist in your preparation of the Second Quarter, 2011 Children's Television Programming Report on FCC Form 398 was emailed to you on June 30, 2011.
